During these uncertain times, innovation is key and the Prime team is serious about stepping up to offer an opportunity where we can invest in you and your team and build a strong relationship. We want to let you know that we are here to help you to help your clients and other markets.

We are not interested in competing with your other markets. Our approach is to enhance and empower producers and to work with the other markets that you already have.

We would like to arrange a meeting with your key staff at your location or ours. If you and your key team members are interested in visiting our location, we would provide the visit to you as an all-expense paid retreat including private air travel!

As you may know, Prime is "A" rated with A.M. Best offering coverage in all 50 states and all U.S. Territories with reinsurance support that contains very few exclusions. We can write all lines (Personal Lines, Business, Commercial Auto, Excess, Umbrella, Professional, E&O, D&O and Specialty) nationwide with customized coverage and a partnership approach to claims to fight for our insureds and the industries that find themselves the target of the plaintiff's bar because of weak traditional claims handling. There is much more to discuss when we meet you.

You should put your request in now for a Prime Producer Summit! Our location or yours! Prepare for some exciting meetings and team building activities! Our treat!

Please feel free to contact me directly at your earliest convenience.
